Note: Interfund receipts and outlays are transactions between Federal funds and trust funds, such as, Federal payments and contributions, Federal employer contributions, and interest and profits on investments in Federal securities. They have no net effect on overall budget receipts and outlays since the receipt side of such transactions is offset against budget outlays. In this table, interfund receipts are shown as an adjustment to arrive at total receipts and outlays of trust funds and Federal funds respectively. Included in total interfund receipts and outlays are \$6,855 million in Federal funds transferred to trust funds for general revenue sharing.
